OSHC PHILOSOPHY

Our program provides quality, Out of School Hours Care and Vacation Care for children aged five to twelve years.

Our commitment is to meet the needs of individual children in our care, their parents, caregivers and the community, through a continuous improvement plan.

The program is set in a safe and supported environment, encouraging the learning and development of individual children, while encouraging positive attitudes, value of play, self esteem, respect for others and responsibility.

We encourage appropriate behaviour of children by helping them connect to their world through collaborative learning opportunities, discussion and positive reinforcement.

Through our diverse program, we aim to meet and respect the cultural and individual strengths and capabilities of all children in our care, by reflecting and evaluating their learning and development.

Our goal is to offer a fun and creative program that provides children with the opportunity to develop friendships, become effective communicators, experience life skills, and develop their self esteem.
